CARD DIRECTIONS:

1. Layer 1: Cut Riding Hood Red cardstock to 4 ¼" x 5 ½" and fold in half using a bone folder for a crisp crease
2. Layer 2: Cut Merry Moments Designer Series Paper to 4 1/8" x 5 3/8".
3. Cut Ribbon at 4 ½" and wrap around the DSP as shown in photo.
4. Use MDS to design the ornaments.
 - a) The first ornament (white & Red) is under Wishes and Greetings Ornament 2.
 - b) The second ornament is just a small square of card stock. Be sure and select layer when selecting the card stock. Add the scroll from Baroque Motifs – move it around on the small square until you are happy with the design.
 - c) The sentiment is from Winter Post
 - d) Fill in both ornaments and the sentiment using Real Red and fill in the scroll using Old Olive.
NOTE: When I select Real Red in the MDS, my printer prints out the color as Riding Hood Red so you may have to play around with it until your colors match (print from MDS and card stock)
5. Print on Shimmery White card stock
6. Punch out using the Ornament Punch.
7. Tie Elastic Gold Cord around both ornaments.
8. Punch out the sentiment using the Designer Label Punch
9. Assemble as shown in photo. Use the Stampin' Dimensionals under both ornaments and sentiment.
