## **Sticky Strip (#104294)**

“When it comes to creating 3-D project like boxes choosing the right adhesive makes all the difference. Sticky Strip is the ideal adhesive to keep your boxes together and your 3-D card projects working no matter how many times they are enjoyed. Sticky Strip is basically super-string double-sided tape that is designed to make assembling durable 3-D project neat and easy. In addition to keeping 3-D projects together you’ll find that Sticky Strip can also be used for some fun techniques like adding glitter and even heat embossed stripes! This is one must-have supply for any stamper so be sure to add it to your order today.”

### **Tips:**

Sticky Strip is pressure activated. To easily remove the backing, first rub over the Sticky Strip with a Bone Folder.
