

Having Fun--and Enjoying Success--on Your Own Terms!

Are you thinking about joining Stampin' Up! because the stamps are so cute, stamping is so fun--and you want a discount on our great products?

If you answered yes, you're like most of our demonstrators who joined thinking they'd never want to build a business or make it a career. The term "hobbyist" was coined by demonstrators to describe their fascination with stamping and their own perceived level of involvement with the company. It's a term of endearment for the majority of our demonstrator family!

Almost all demonstrators start as hobbyists...Here are the benefits every entry-level demonstrator enjoys at Stampin' Up!:

- Bi-monthly magazines full of beautiful sample ideas
- Extensive, exclusive online community where you can get even more project ideas, share ideas, and meet other demonstrators from all over the world
- Subsidized attendance at company events (regional and annual convention)
- Free catalogs and mini catalogs
- 20% discount on the best stamps and supplies in the business
- Personal hostess benefits on qualifying orders and preorders

We value the enthusiasm, artistic creativity, and pure fun-loving nature of all our hobbyists. Our whole company is based on providing products and activities for people just like you all around the world! If this level of participation fills your needs, we are happy for you to join and remain with Stampin' Up! on that basis forever!

If you want to test the waters of moving from a discount purchaser to seller, it's easy to progress in small steps. Your Upline, Rachel Brumley, and Stampin' Up! is here to help you do that when & if you decide to take your business to the next level.

Welcome to the world of Stampin' Up!
