INSTRUCTIONS:

1. Begin with a 3" x 6" whisper white card base, score and fold at 3" to create a note card.
2. Use Back Stazon ink to stamp your VASE images onto the 2-3/4" x 2-3/4" square of whisper white.
3. Stamp the same VASE images again but onto the various pattern paper designs from the Designer Series Paper Stacks of your choice.
4. Hand cut the vases stamped on the pattern paper, making sure to cut along the INSIDE of the stamped images- this is important, so that when you adhere your cut out image it fits within the outlined image already stamped on the whisper white piece.
5. Place adhesive onto the back of the DSP vases and secure them on top of the like stamped image of the Whisper White piece, as shown in final photo.
6. Using the markers, color in your flowers to the vases and apply colored rhinestone in the center.
7. Then assemble the card, adhering the whisper white layer to the 2-5/8" square Costal Cabana layer using snail adhesive.
8. Then attach the entire front layer to the card base using Dimensionals.
9. Tie a bow with the Coastal Cabana thread from the Sweet Sorbet pack and apply to card front with a glue dot.
10. Stamp your sentiment onto a 3/4" strip of whisper white and trim to the length of the

sentiment, then adhere to card front with dimensionals.
