## Project Recipe:

1. Base card: Whisper White Thick Cardstock (4 1/4" x 11"). Fold base card in half using the Bone Folder for a sharp crease. Set aside.
2. Layer 2: Petal Pink Card Stock (4 1/8" x 5 3/8"). Adhere to base card.
3. Front Panel: Whisper White Card Stock (4" x 5 1/4"). Make a cloud template out of card stock or clear sheets. Sponge around the cloud using a dabber and Balmy Blue Ink. Move the template around as you sponge to get the desired effect. (see pix). Adhere to base card.
4. Stamp puppy, bird and greeting on a scrap piece of Whisper White Card Stock. Color in using the Soft Suede for the puppy, Balmy Blue for the bird and pumpkin pie for the bird beak. Using a scrap piece of glitter paper, stamp the balloon on the back side of the glitter paper. Fussy cut the balloon, puppy and bird with the Paper Snips. Cut out the greeting with the Stampin' Grimmer and clip the edges with our Paper Snips. Attach all to the front of the card with Stampin' Dimensionals
